

IT DEVELOPER (M/F)

We are part of the food sector—a market of the future—and we are looking for you! Do you love technology and want to explore new situations? Don't wait any longer; join us to find solutions to your new professional challenges!

AREA OF RESPONSIBILITY:

IT in the food sector is exciting and diverse. As an application developer, you will have the opportunity to discover new solutions or improve existing ones. You will support our internal customers in getting the most out of their systems—that is your mission. With us, you will learn what to do, not just how to do it!

WHAT YOU SHOULD BRING:

- Programming skills in Delphi, VB-Script / VBA, SQL and in the use of web technologies (HTML, CSS) JavaScript is an advantage.
- 1-2 years of professional experience would be desirable but is not a mandatory requirement you can grow day by day with us!
- Open mind with courage to admit failures and look for solutions, alone or in a team, teamwork spirit it will be an added value. We can only develop together!

IS CONSIDERED AN ADVANTAGE:

- Proficiency in written and spoken Luxembourgish, French, and English.

EMPLOYMENT PRE-REQUISITES:

- Successful completion of a background investigation and drug urinalysis may be required.
- Unlimited authorization to work in Luxembourg.

WE OFFER:

- A friendly environment with a good working atmosphere.
- An onboarding and mentoring adaptation program.
- Opportunities to work in a growth market and for professional and personal IT development.

If we have caught your interest, we would be delighted to receive your application with a recent CV, to :
